WETICE 2020

29th International Conference on Enabling Technologies: Infrastructure for Collaborative Enterprises

10-12 June 2020, Basque Coast - Bayonne, France

Website: http://wetice2020.org

===

Important Dates

Paper Submission Deadline: February 29th, 2020

Notification of Acceptance: March 21st, 2020

Camera-ready: April 4th, 2020

Early registration: April 30th, 2020

Conference: June 10-12, 2020

Context and Scope

The International Conference on Enabling Technologies: Infrastructure for Collaborative Enterprises WETICE is an international conference on the state-of-the-art research in enabling technologies for collaboration, consisting of several conference tracks. The 29th WETICE edition will be held on June 10-12, 2020 in Bayonne (French Basque country), France.

WETICE topics of interest include but are not limited to:

* Cloud-Based Collaborative Technologies in IoT

* Adaptive and Reconfigurable Systems and Architectures

* Complex Networks Monitoring, Security and Fraud Detection for Enterprises

* Convergence of Distributed Clouds, Grids and their Management

* Data Exploration in the Web 3.0 Age

* Collaborative Software Processes

* Formal Verification of Service Based Systems

* Future Internet Services and Applications

* Semantic Technologies in Smart Information Sharing and Web Collaboration

* Security, Safety and Trust Management

List of Tracks

- Wetice General Track
- Adaptive Computing (and Agents) for Enhanced Collaboration
- Adaptive and Reconfigurable Service-oriented and component-based Applications and Architectures
- Convergence of Distributed Clouds, Grids and their Management
- Complex Networks Monitoring and Security and Fraud Detection for Enterprises
- Future Internet Services and Applications
- Security, Safety and Trust Management
- Validating Software for Critical Systems
- Semantic Technologies for Smart Information Sharing and Web Collaboration
- Smart Living Space

Manuscript Guidelines and Submission

Papers up to six (6) pages (including figures, tables and references) should contain original contributions not published or submitted elsewhere and are to be formatted according to the IEEE template.

Accepted papers will be included in the proceedings published by the IEEE Computer Society Press and will be archived in the IEEE digital library.

The page limit for Full papers is 6 pages. No extra pages are allowed.
The page limit for Short papers is 4 pages. No extra pages are allowed.

At least one author for each accepted paper should register and attend WETICE 2020 to have the paper published in the proceedings.

Papers should be submitted through the EasyChair platform using the following link: https://easychair.org/conferences/?conf=wetice2020

General Chairs

Ernesto Exposito, Université de Pau et des Pays de l'Adour, France

Khalil Drira, LAAS-CNRS, France

Program Chairs

Stefania Monica, Università degli Studi di Parma, Italy

Sami Yangui, LAAS-CNRS, France
